CAREER OBJECTIVE

Front-End Developer with 2 years of hands-on experience building responsive, user-focused web interfaces using HTML, CSS, JavaScript, React, and Tailwind CSS. Currently in the final year of a B.Sc. in Computers and Information Sciences at Tanta University. Looking to bring clean, maintainable front-end code and a strong eye for UI detail to a growing development team.

EDUCATION

B.Sc. in Computers and Information Sciences | Tanta University • 4th Year (Expected Graduation: 2027)

SKILLS

Languages & Frameworks: HTML5, CSS3, JavaScript, React

Styling: Tailwind CSS

Version Control: Git, GitHub

Other: Responsive Web Design, Full-Stack Fundamentals (DEPI training)

PROJECTS

Full-Stack Web Application | Digital Egypt Pioneers Initiative (DEPI) — Training Program • Jun 2025 – Aug 2025

- Built a full-stack web application as part of DEPI's training track, covering both front-end and back-end development.
- Implemented the client-side interface with HTML, CSS, JavaScript, and React, connected to back-end services.

Halls, Sports Courts & Hotels Booking Platform | Training Project • Feb 2025 – Apr 2025

- Owned the front-end development of a multi-service booking platform covering halls, sports courts, and hotels.
- Built responsive booking flows and UI components using React and Tailwind CSS.

Programming Languages Learning Platform | Training Project • Oct 2024 – Dec 2024

- Responsible for the front-end of an e-learning platform for programming languages.
- Developed the client-side UI with React and Tailwind CSS, focused on usability across devices.

College Front-End Project | Tanta University — Faculty of Computers and Information • Jun 2024

- Built a front-end web application as an academic project, applying HTML, CSS, JavaScript, and React fundamentals.

Personal Portfolio Website • Feb 2024

- Designed and built a personal portfolio site using HTML, CSS, and JavaScript to showcase projects and skills.
